Project was undertaken for design and development by

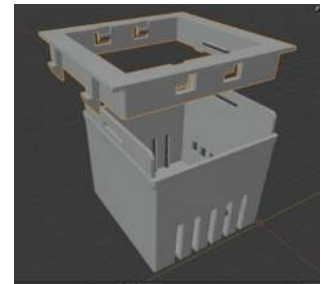

INDO GERMAN TOOL ROOM – AHMEDABAD IN THE YEAR 2021-22.

We, Zeck Private Limited started in the years 2016 are one of the foremost manufacturer and exporter of an extensive array of Touch Screen Panel Panel, Modular Touch Switch and many more. Designed by the use of excellent quality inputs and cutting-edge techniques, these offered ranges are available with us in several sizes as per the exact requirements of our customers. Our product range is being extensively appreciated by our customers owing to their high strength, fine working, superlative quality and long-term durability.

From 2016-2020, We have developed various range of touch switches and served for house hold and hotel Industries. With the upgradation of technologies, I have continuously upgraded my product and always tried out to match the technology changes.

In 2021, We introduce New Series in Wi-Fi segment for easy and comfortable operations with iOS, Android Mobiles. Also operate with Voice command Google home, Amazon Alexa & Apple Siri.

For that, INDO GERMAN TOOL ROOM, AHMEDABAD have helped me to designed, developed and manufacturing the TOP and Bottom Enclosures of the Switches which was highly helpful me to make my product successful in the market.
